

## MARKING TIME IS AMERICA'S POLICY TODAY

### Not Being Stampeded in Dealing With the Chinese

WASHINGTON, Feb. 2. (AP)—The Chinese situation marked time today so far as the American government was concerned.

Representative Sommers, Democrat, New York, today introduced a resolution proposing to put congress on record as favoring negotiations for new treaties with the rival factions in China independently of each other if necessary.

The proposal goes considerably behind Secretary Kellogg's announced proposal of readiness to negotiate with a delegation to be appointed by agreement between the Peking and Cantonese leaders and there is no indication that the state department will adopt the course suggested in it.

Dr. Alfred Sze, Chinese minister in Washington, refused to comment until he had an opportunity to study the Sommers resolution.

In a recent statement, he urged that an American treaty delegation without waiting overtures from China as evidence of a desire to restore to China diplomatic equality.

Pending developments in connection with American hopes of concluding Chinese Nationalist aspirations thru treaty discussions, attention here was centered largely upon the rupture in British-Chinese negotiations at Hankow.

Secretary Kellogg does not regard the action of the Cantonese in breaking off these negotiations as having much bearing upon American Chinese relations. It has been understood at the state department that the negotiations revolved around the future status of the British concessions at Hankow and elsewhere with which the Washington government is not concerned since it has none in China. The situation at Shanghai is a different question not included so far as known here in the Hankow dispute.

Complete lack of disturbance has attended the evacuation of interior Chinese cities by British.

## LOANS TO VETERANS APPROVED BY GROUP

WASHINGTON, Feb. 2. (AP)—Government loans to war veterans on bonus certificates were approved by the house ways and means committee today and Chairman Green later introduced a bill to authorize them. His proposal is expected to quickly get the formal approval of the committee.

The veterans bureau would be authorized to make loans on certificates at six per cent interest. It would set up a special \$35,000,000 "life insurance fund" from which the bureau director might make loans.

Need for the legislation was outlined to congress early in the year, by veterans organizations when banks proved apathetic toward making loans.

A move was made by the American Legion to have interest charged as low as four per cent but Director Hines of the veterans' bureau and Chairman Green held the rate should be high enough to discourage borrowing.

## GROUND HOG SEES SHADOW

By the Associated Press

John G. Ardvark, alias Woodhuck, alias Ground Hog, emerged from his winter quarters to meet genial sunshine in most of the eastern states. Tradition has it that this presages six weeks more of winter, but Johnny also greeted:

"Full bloom pansies at Springfield, Mass."

Truck gardens being planted at Washington, N. J.

Bluebirds at Hackettstown, New Jersey.

Babbling brooks and budding pussywillows at New Haven, Connecticut.

A pre-season, marble tourney in New York City.

## SHELTON BROTHERS MAKE DENIALS AND GIVE THEIR ALIBIS

Disclaim Any Connection With Robbery of Mail in January, 1925

QUINCY, Ill., Feb. 2. (AP)—The phrases of a perfect alibi fell from the lips of the Shelton brothers, Carl, Earl and Bernie, in federal court late today as they testified in defense of charges that on the morning of January 27, 1925, they robbed the mails of 15,000 addressed to a bank at Collinsville, Ill.

The general trend of the testimony of each was that they left East St. Louis, Ill., at 7 a. m., and arrived at Marion, Ill., shortly before noon to attend the funeral of Ora Thomas, a deputy sheriff slain in the internecine gang warfare in and about Herin, Ill.

The robbery was committed before 7 and 8 o'clock that morning.

Carl, the oldest of the brothers and reputed leader denied that he had decided the robbery with Art Newman, a foe testified to that effect yesterday or that the spoils had been divided at the roadside where operated by Charles Birger, once a friend but lately reputed to be a sworn deadly enemy.

Carl's younger brothers testified in virtually the same sense.

Impachment Sought

Impachment of Newman's testimony was sought late today thru testimony by John T. Rogers, a St. Louis Post Dispatch reporter, who quoted Newman as saying that the presence of Birger, that the two of them were "gunning hard for Carl Shelton."

Newman yesterday testified in denial of that statement.

District Attorney Walter Provine put a sinister question to Carl, the elder of the three brothers who are on trial in the federal court for the Collinsville mail robbery, this afternoon when he asked the defendant on cross-examination where he had been on January 14. Whether Shelton realized its import may not be said, but he hesitated for some.

## AMAZING DATA IS BROUGHT TO LIGHT IN FORD TAX CASE

Said That Billion-Dollars Had Been Offered for Big Auto Plant

WASHINGTON, Feb. 2. (AP)—Wall street's reactions to balance sheets of the Ford Motor company provoked no less than three distinct offers of \$1,000,000,000 each for the big plant during the last five years. Each was refused by both Henry and Edsel Ford.

Information that these offers had actually been made came from John H. Drexler, of New York, an expert in industrial securities who was the chief witness introduced today by Counsel for applicants in the action brought to restrain the government from collecting \$3,000,000 additional taxes in sale to Henry Ford in 1919, of minority stock in the Ford Motor company.

Mr. Drexler startled spectators by the nonchalant manner in which he testified that the Ford family had coolly turned down three distinct proposals to take over the plant for a cash consideration of one billion dollars.

The Ford Motor company began operation in 1903 with a cash capital of \$28,000. It was revealed in the evidence given by Mr. Drexler that the offers were made indirectly by Horn & Weeks, New York brokers, whose confidence in the further expansion and earning capacity of the Ford plant justified the valuation put upon it by New York bankers.

As a credit proposition, it was the equal in 1913, of the United States Steel corporation or the Standard Oil company, he declared, estimating the value of the plant as of March 1, 1913, \$250,000,000.

## ASK FOR DEFICIENCY ARMY APPROPRIATION

WASHINGTON, Feb. 2. (AP)—President Coolidge today asked congress for a deficiency appropriation of \$3,224,000 to increase the army's enlisted strength from 110,000 to 115,000 men for the remainder of the fiscal year which ends June 30.

If the appropriation is granted the war department will be able to resume recruiting which was stopped when a pay and subsistence deficit appeared inevitable.

The budget recommended maintenance of an enlisted strength of 115,000 men for the coming fiscal year but the house recently overrode the proposal and provided funds for 118,750 men after July 1. For completion of the tomb of the Unknown Soldier in Arlington National Cemetery \$50,000 was asked, and \$188,000 was sought to provide additional headstones for American graves in Europe.

Requests for additional funds for branches of the National Home for disabled volunteer soldiers include: Danville, Ill., \$10,000.

## FEDERAL GOV'T. PATERNALISM GRAVE MENACE

### State's Rights Are Ignored, Declares Camlin

NEW ORLEANS, La., Feb. 2. (AP)—Paternalism on the part of federal government, a paternalism that is becoming an increasing burden and peril to private business is one of the gravest dangers threatening the United States declared John H. Camlin, president of the Illinois Chamber of Commerce in his address to night before the New Orleans Chamber of Commerce at the International Trade Exhibit.

The tendency today seems to be for the federal government to reach out more and more, said Mr. Camlin, "until it threatens to control even the births and deaths of the people and to regulate every act between. State's rights are more and more being ignored and interference in private lives and private business is clutching at our vitals like some waterless disease. Government paternalism is becoming an irksome burden and we are beginning to stagger."

"Governments are more and more, with the exception of the United States realizing the rights of the various units of the governments to control their own affairs. It is because of that realization that the British government very recently practically surrendered all of its rights of sovereignty over its political units giving to its colonies complete sovereignty without interference."

"Giving to business and to industry that measure of freedom that will make for the expansion and development of the states—an expansion development and prosperity yet undreamed of."

Mr. Camlin said from New Orleans tomorrow at the head of a group of 80 persons who are members of the Good Will Trade cruise into the Caribbean sea organized by the Illinois Chamber of Commerce, Cuba, Jamaica, Colombia, Panama Canal Zone and Costa Rica will be visited.

## WEST, EAST RAILWAYS MAY CONNECT, BELIEF

ST. PAUL, Minn., Feb. 2. (AP)—The Pioneer Press, in its morning edition says "possibility of the first direct, one line rail connection between St. Paul and the east appeared Wednesday with a report widely current that the Minneapolis and St. Louis railroad will be included in a new merger of eastern roads."

"The other roads concerned are the Delaware & Hudson, the Washington & Western Maryland," the paper says.

The merger of the three has been proposed by Lenor F. Loree, president of the Delaware & Hudson, and William H. Williams, chairman of the Wabash. "Indication that the Minneapolis & St. Paul road is to be included in the merger came when a block of 25,000 shares of the road's stock was transferred on the New York stock exchange Wednesday at a jump of more than \$2 a share over current prices," the Pioneer Press declares. "Bond holders of the road, in the east are believed to have been back of the sudden activity in the stock. At present no railroad running into St. Paul operates east of Chicago."

Chinese Rebellion Due to Greed, Claim

ST. LOUIS, Mo., Feb. 2. (AP)—Attributing the rise of the Nationalist movement in China to youthful rebellion against the oppression and "greed" of unscrupulous war lords, Alexander Paul, Oriental secretary of the Disciples of Christ, characterized the campaign as the "first real patriotic party China has known" here today.

Paul, who has spent 22 years in China as a missionary worker said nothing in the present movement can be construed as anti-foreign or anti-Christian. That the move was not anti-foreign, he said, is "proved by the fact that although the war area covers more than two thousand miles in which many foreigners have been living not one foreigner has been put to death."

Mistreatment of a few foreigners he claimed was the result of "mob spirit."

## PROF. EMIL PERNOT DIES IN OREGON

Portland, Ore., Feb. 2. (AP)—Professor Emil F. Pernot, internationally known for his bacteriological research, died here today. Death was due to double pneumonia. Professor Pernot was born in New York. He was 68 years old.

## QUEEN'S FLOWER GIRL DIES

QUINCY, Ill., Feb. 2. (AP)—Mrs. Ellen Louise Sykes, 96, who claimed to have been a flower girl at the Coronation ceremony of Queen Victoria of England, in 1838, was buried at Beverly, Ill., near here Tuesday. Mrs. Sykes was one of the old residents of Adams county, having settled here in 1848.

## Talking Pictures To Soon Be Actual Fact

SCHECTADY, N. Y., Feb. 2. (AP)—Talking motionpictures soon are to be an actuality on the silver screens of theaters.

The General Electric company, producers of the new "Photophone" are working on half a dozen contracts calling for immediate production of projection machines and the only problem as the producers view the new invention, is one of adaptation to a new and different method in creative art.

At a second demonstration of the new pictures today, it was explained that directors find some difficulty in excluding from in film extraneous noises not meant to be in the talking pictures. Actors must be cautioned not to make unnecessary noise and must be coached to speak their parts at the proper moment as they would do were they on the stage of the spoken drama.

In the experimental pictures today the problem of the actor was largely in the background. One of the demonstrations showed the

use of incidental music in connection with a "feature" picture, the strains of a 100-piece orchestra sounding from the corner of the exhibition room. The low frequency tones, hitherto found difficult to produce, were easily identified. The music was exactly timed with the action of the film.

The pictures on which the company is working are not in dramatic form, due to the studio problem and the human element. The release, therefore will reproduce only hands and addresses with the sounds incident thereto.

As the technique is later developed production will turn to dramas.

The new device is a combination of the manual motionpicture projector and the Allographophone, an invention of Dr. C. A. Hoxie, of the General Electric company's research staff. It means of a vibrating beam of light produced from impressions alongside the pictures on the film, photographic sound is retranslated into audibility and the sound is amplified by a loud speaker.

## HASSELL CONFESSES KILLING OF FOUR TO SAVE INNOCENT MAN

Fear Others Would Suffer for His Misdeeds Led to Statement

HUNTSVILLE, Texas, Feb. 2. (AP)—Fear that some innocent man might be accused after he goes to his death in the electric chair here, led George J. Hassell, slayer of thirteen persons, to clear up the killing of four of his victims in Whittier, Cal., he revealed today.

Hassell, who is to be executed February 25 for the recent murder of his wife and her eight children at Farwell, Texas, gave the directions which resulted in the finding yesterday of the bodies of a woman and three children whom he killed ten years ago in the California city.

"I am glad they found the bodies," the condemned man today told Warden J. S. Speers of the Texas penitentiary. "They know now I told the truth."

"I was afraid that when the bodies were found that somebody else might be accused of the murder. And that would be awful."

Hassell declared the Whittier murders "seems like a dream." He had been living with Mrs. Marie Vogel of Pittsburgh, Pa., and her three children two of whom Hassell said were orphans.

On the night the United States entered the World war Hassell quarreled with the woman. He choked her and the children to death. Then he buried the bodies beneath the house, told the neighbors.

## PUBLISHER'S WIDOW SUES FOR ACCOUNTING

LOS ANGELES, Calif., Feb. 2. (AP)—Suit for the recovery of \$6,000,000 was filed in federal court here today by Mrs. James G. Scripps of San Diego, member of the wealthy family of newspaper publishers. The action was taken against her brother-in-law, Robert Paine Scripps of Cincinnati, executor and trustee of the estate of the late E. W. Scripps and includes a demand for an accounting of the profits of thirty-four newspapers controlled by Scripps.

Mrs. Scripps is the widow of the late James G. Scripps, a brother of the defendant and at one time manager of the newspapers controlled by the millionaire publisher.

The suit is based upon an alleged agreement between James G. Scripps and his father for a percentage of the increment in the value of the properties under his management.

Mrs. Scripps seeks to set aside a subsequent trust agreement between the late Scripps and his son, Robert, which, she alleges, made no provision for the claims of her husband. She asks for an accounting of the newspaper profits over a period beginning in February 1908 and ending January 7, 1921, the date of her husband's death.

## "WHAT'S IN A NAME" ANSWERED BY WELSH

Llanfairpwllgwyngyllgogerychwyrndrobwllandysilllogogoch Wales, Feb. 2. (AP)—This little town on the island of Anglesea is becoming popular as a vacation resort and the villagers are all eager to hear the pronunciation of the name of the place.

Llanfair the first two syllables combined with the last syllable always has been used, but with the growing importance of the town, the hundred per cent Llanfairians or Llanfairgogochians, who are bursting with civic pride and who also have plenty of time to spare, insist on pronouncing the full name as the "first real patriotic party China has known" here today.

A literal translation of the village name is: Church of St. Mary in a Hollow of White Hazel near a Rapid Whirlpool, and near St. Tysilio's church, which is near a Red Cave.

## PERMITS ISSUED TO MEXICAN CLERGYMEN

MEXICO CITY, Feb. 2. (AP)—Government permits to perform religious services were granted to three clergymen of the American Episcopal Church in Mexico City.

The permits were issued under a law adopted at the last session of congress modifying the religious regulations so as to permit the non-Spanish speaking foreign colonies to have a limited number of ministers in their churches for a period of six years. The law provides that ministers so permitted to function must prepare native born Mexicans to succeed them at the end of the six year period.

## MINE CONFAB ENDS; DECLARE AGAINST CUT

### Appoint a Committee to Arrange New Contract

INDIANAPOLIS, Ind., Feb. 2. (AP)—Declaring against a reduction in wages for the bituminous coal mines, the United Mine Workers of America today adjourned its biennial convention after empowering a central committee to negotiate for a new contract. The convention has been in session since January 25. This committee meets with the operators of Illinois, Indiana, Ohio and Western Pennsylvania at Miami, Florida, February 12.

The report of a convention scale committee, which became the instructions of the delegates, representing 500,000 miners when they adopted it without change, gives the miners' representatives broad latitude in making an agreement.

They are not to go under the wage fixed by the Jacksonville agreement, which expires March 31, any contract must be submitted to a referendum before it becomes operative and districts outside the Central competitive field must wait until the central field makes a contract before they can reach an agreement. Those are the only mandatory features of the convention's instructions. The scale committee was urged to obtain a two year contract.

In addition to the 35 members of the scale committee—eight from each state of the Central field, and the union president, vice-president and secretary—there will also go to Miami three representatives from each of the twenty-nine districts outside the Central and twenty members of the executive board.

Policy Committee of 115. All of the miners' representative—115—will constitute the policy committee to advise the scale committee. In event of a strike, these 115 men will direct the affairs of the union.

The final fight between John L. Lewis, president, and his chief opponent, John Brophy of Clearfield, Pa., president of District No. 2, occurred during the wage deliberations. Brophy had urged the convention to instruct the scale committee to insist that any contract governing non-union property of companies, signing for their union mines, Lewis ridiculed this and asserted Brophy was a "traitor" for reading a bureau of mines report which said more than 70 per cent of soft coal was mined by non-union workmen.

## ORDERS FORECLOSURE ON STREET RAILWAY

CHICAGO, Feb. 2. (AP)—Foreclosure against the Chicago Railway company which yesterday defaulted on the principal of \$55,655,000 in first mortgage bonds was ordered today by Federal Judge James H. Wilkerson, but he refused to accept upon a petition for sale of the property, pending a hearing on the legal aspects of the foreclosure.

Judge Wilkerson directed that the issue be joined with that of the Westinghouse Electric company whose application he recently decreed receivership for the companies operating the North and West Side street car lines. He reappointed the same receivers, John J. Mitchell and Frederick A. Rawson, bankers, and Henry A. Blair, head of the company operating the unified surface lines.

The foreclosure was filed on behalf of the Harris Trust & Savings bank trustee for more than 25 per cent of the bondholders and in behalf of the bondholders' protective committee, which represents \$25,000,000 of the total issue. The principal defaulted was a part of approximately \$171,000,000 of surface lines issue which were not met at expiration yesterday.

The twenty-year franchise under which the street car lines were operated expired yesterday and operation was continued under a city ordinance which extended the franchise from day to day.

## MOTHER AND DAUGHTER CHARGED WITH MURDER

CLEVELAND, O., Feb. 2. (AP)—Mrs. Anna Liszka, 36, and her thirteen year old daughter, Elizabeth were held tonight without bail for the "axe" slaying of Anthony Liszka, husband and father of the prisoners.

Liszka was hacked to death while he slept in the family home at Euclid Village, a suburb, early this morning. He had been cruel to Mrs. Liszka and her three children, quarreled with them and threatened them, the woman told police.

When she arose during the night to get a drink she stumbled over an axe. She said she believed her husband intended to kill her and the children with it. So she awakened Elizabeth, who procured a hatchet and mother and daughter slew Liszka. Then Mrs. Liszka dressed herself and the children and surrendered to the police.

## PERMITS ISSUED TO MEXICAN CLERGYMEN

MEXICO CITY, Feb. 2. (AP)—Government permits to perform religious services were granted to three clergymen of the American Episcopal Church in Mexico City.

The permits were issued under a law adopted at the last session of congress modifying the religious regulations so as to permit the non-Spanish speaking foreign colonies to have a limited number of ministers in their churches for a period of six years. ## WASHINGTON AWAITS WAR DEVELOPMENTS IN CENT. AMERICA

Important News From Seat of War Lacking for Several Days

WASHINGTON, Feb. 2. (AP)—The Nicaraguan imbroglio, so recently a source of outspoken controversy through the entire hemisphere shows signs of tapering off into a game of patient waiting.

For some days, no news of important military operations has come from the seat of war. The Washington administration, having replied to its critics by reinforcing its position both diplomatically and in a military sense appears content to stand fast and await results. Even the typhoon of debate that has swept congress is subsiding without tangible action.

The latest official out-giving from the Somoza camp was not hopeful. The Diaz government on the other hand is growing more silent as the weeks drag on without decisive results. Numerous peace moves have been made and it would occasion no surprise here if one of them soon were to lead to a solution of the whole tangle.

Admiral Latimer, the American naval commander, has full authority to bring the two groups together in a peace conference if it can be done practically, although it has been given no definite instructions. While the state department has served notice that it regards President Diaz as the constitutional executive pending the regular elections of 1918, it would not close the door entirely on any compromise government Diaz might accept.

Capture Gen. Zapata

Managua, Feb. 2. (AP)—General Crispano Zapata, Liberal commander, the Conservative government announces was captured today. Zapata was wounded in the arm in a recent engagement in which he displayed great courage and bravery. He will be brought to Managua.

Several plots among many prominent officials have been uncovered.

Representative Hanners resolution urging congress to enact legislation for the purpose of retiring emergency army officers was administered in the senate.

A bill introduced by Senator Keessinger would impose a tax of one-eighth of a cent a bushel on grain contracted for future delivery. Seventeen bills were introduced at the hour's session.

To Lengthen Term

A new McClaggage bill designed to increase to four years the terms of mayors, city clerks, treasurers and aldermen in all Illinois municipalities was introduced.

ELECTIONS COMMITTEE ADJOURNS UNTIL TODAY

WASHINGTON, Feb. 2. (AP)—The senate elections committee found it in such complete disagreement today on the case of Frank L. Smith, senator-designate from Illinois, that it postponed further consideration until tomorrow.

For nearly two hours senators making up a majority discussed whether they should make an immediate report recommending the administering of the oath, as requested by Smith's counsel, or proceed with a further inquiry as to contributions to Smith's senatorial primary campaign by public utilities operators.

Some members took the position that it would be useless to make a partial report since the vote of the senate two weeks ago refusing Smith the oath in advance of an inquiry indicated clearly that it would not accept such a report.

Senator Watson, Republican, Indiana, terminated the discussion by suggesting an adjournment until tomorrow to give Senator Deussen, Republican, Illinois, opportunity to confer with Smith's counsel to see if they had any alternative suggestion.

Meanwhile, some members continued conversations in private in the hope of getting the committee out of its deadlock by tomorrow.

Smith is at his home in Dwight due to an infection of the ear. He was represented by C. J. Doyle, his personal attorney, while Oscar Carlstrom, attorney general of Illinois was present to look after the interest of the state.

THE DAY IN WASHINGTON

The naval supply bill was sent to conference.

Republican prospects for 1928 were discussed at the white house.

The Fords declined to sell their stock for \$1,000,000,000 the tax board was told.

The house military committee temporarily rejected two Muscle Shoals lease proposals.

Construction of the Boulder Canyon dam was urged by Reclamation Commissioner Mead.

Government loans on bonus certificates were favored by the house ways and means committee.

The treasury's medicinal liquor proposal was rejected by the house ways and means committee.

Funds to maintain diplomatic representatives in China and Ireland were sought by the state department.

The senate agreed to act by Friday on the Democratic tax reduction resolution.

## WANTS TERMS OF ALDERMEN MADE LONGER

Bill Introduced at Springfield Not Well Received

SPRINGFIELD, Ill., Feb. 2. (AP)—Passage of the Schnenberg bill increasing the term of aldermen in the city of Chicago from two to four years, apparently will not have the smooth sailing in the senate that it had in the house. After a heated argument Senator Courtney's resolution that the bill be passed to second reading without reference to a committee was passed 38 to 8.

Growing out of the continuing execution of six prisoners, by the sheriff of Will county on February 11, Senator Barry, of Joliet, introduced a bill providing that inmates of the state penitentiary who are sentenced to hang for crime committed within the penitentiary or in escaping therefrom shall be hanged by the warden within the penitentiary instead of by the sheriff in the prison of the county where tried.

Senator Florence Eiler Bohrer of Bloomington introduced her first bill of the session, providing for the appointment of a county health superintendent at the discretion of the county board at a minimum salary of \$3,000.

## OLD JACKSONVILLE

(By Ensley Moore.) Member Illinois Historical Society  
GRIERSON ESTABLISHES A POST

Mr. Alex. A. McDonald, now of Hugo, Okla., has kindly sent the O. J. man a clipping from "The Daily Oklahoman," which is of local interest.

It refers to the establishment of Ft. Sill and is headed "Ft. Sill was Formed." After a lot of detail not generally interesting the article says:

"Capt. Marcy's report and recommendations were received and considered and, resulting from them, Col. Grierson, 10th cavalry, was sent out on June 9, 1868, to make further investigations. He started from Ft. Arbuckle and when finally he reached Cache Creek in the vicinity of where the old post of Ft. Sill now stands, he took off his saddle, threw it on the ground and said: 'We will

build the post here.' Thus it was the site was finally selected. The object of the fort was safety for the white man.

"The next year after General Sheridan had approved the site, the command at Ft. Cobb was moved into the new post, which was then called Camp Wichita.

"General Grierson was placed in command. At this time General Sheridan caused the name of Camp Wichita to be changed to Ft. Sill in honor of Gen. Joshua W. Sill, who had been a classmate of his at West Point, and who commanded a brigade in Sheridan's division for a time during the Civil War. General Sill was killed in action at Stone River, Tenn., in 1862."

The cods from China, Korea and Japan had been joined by 24 Americans and 52 British, Admiral Williams advised, who said a movement to the sea coast was being contemplated also by Japanese. They were reported ready to evacuate Chang Shai. An unknown number of British women and children and 12 Americans having already departed from there for Hankow.

Quiet prevailed at Shanghai where British and United States naval facilities are being concentrated. Activities were apparently stifled by the arrival of a large number of British, British Indian soldiers, the admiral said.

troops of General Sun Chuan Fang were noted by Admiral Williams. Chen said that Chen had been cleared of troops without damage to shipping or much looting. He said large troops movements toward Ichang and Poochow on the Yangtze were continuing in anticipation of the meeting in that vicinity of the northern and southern armies.

**Peace Prevails**

HANKOW, Feb. 2. (AP)—General peace prevails among the foreign community here as a result of a statement of Cantonese Foreign Minister Eugene Chen yesterday suspending treaty negotiations with Great Britain until British forces have been withdrawn from Shanghai to which the British have not agreed.

The apprehension of foreigners was heightened because today marked the beginning of one month's illness during which the Chinese will celebrate the advent of their new year.

Anti-British illustrated posters falsely depicting great slaughter of unarmed and peaceable Chinese by British armed troops, and British cannon during the January 3 riot, again are making their appearance. These cartoons are untrue to the facts.

Not a single shot was fired today by British who defended their concession district against a Coolie mob of thousands. Although a number of foreigners were injured by sticks or stones, the position is made that not one Chinese was killed.

LONDON, Feb. 2. (AP)—The British government tonight called fresh instructions to Owen O'Malley, the British charge at Hankow in an effort to break the deadlock which developed in the Anglo-Chinese negotiations there when the Cantonese foreign minister, Eugene Chen, questioned the right of Great Britain to disarm a Shanghai defense force to the last cast.

Shorn of technicalities, it is admitted in competent official quarters that the whole Chinese situation is at a standstill over the issue of the troops now on the way. There is no likelihood that the expedition will be recalled, but there is a possibility that it may be partly diverted to Singapore and Hongkong, or that an agreement may be reached with the Chinese authorities regarding the length of its stay at Shanghai.

The foreign office maintains that the negotiations between O'Malley and the Cantonese foreign minister have not been broken off, explaining that Chen merely has refused to sign the draft agreement dealing with the future status of the British concessions at Hankow and Kiukiang, where the recent rioting occurred.

**May Direct Soldiers**

SHANGHAI, Feb. 2. (AP)—The British armada bearing 20,000 soldiers toward Shanghai may be diverted in part to British cities in China because of the opposition of non-British members of the Shanghai international settlement municipal council to the quartering of a large force in its jurisdiction. The British authorities, who were preparing accommodations for the expedition were reminded today that the Shanghai settlement is an international concession and not purely British. As a result consideration is being given as to the advisability of diverting portions of the British force to Hong Kong and Weihaiwei. Both are British governed cities.

At Hong Kong and Weihaiwei, as at Shanghai, British troops and warships could be held in readiness for any developments. Warehouses, docks and other British-owned premises are being prepared to quarter the troops. Small vessels are expected to anchor in the Whangpoo river off the city.

Large warships probably will stop ten miles from Shanghai.

At the meeting of the Chinese Chamber of Commerce, opposition was reported to the cause of any Chinese territory by the British force.

## ATTORNEY IS TARDY; DISMISS DAMAGE SUIT

NEW YORK, Feb. 2. (AP)—A few moments' tardiness of an attorney who said he was talking with clients in his office Monday when he was scheduled to be in court has resulted, it was revealed today in the dismissal by default of a \$500,000 allegation of affronts suit brought against the Carnegie Museum of Natural History. A motion to restore the case to the calendar, however, was made today by Harold Stern, attorney in an effort to bring the suit, instituted three years ago to trial.

The suit was filed by Mrs. Helen Modica the wife of a Newark, N. J. chauffeur. She charged that the museum had stolen the affections of Modica and when he was in her employ had him with her in France.

Mrs. Modica subsequent to filing her action against the museum also sued for divorce naming the museum as co-respondent.

The chauffeur also filed a suit for \$50,000 against his wife's parents, charging that they had alienated his wife's affections and that the suit against the museum was the result of a conspiracy.

**SCOTT MERCHANTS HEAD**

Chicago, Feb. 2. (AP)—N. M. Scott, Wisconsin, Minn., was elected president of the Interstate Merchants Council at the close of the eleventh annual convention here today. Charles Kuhl, Galesburg, Ill., was elected first vice-president and E. N. Zahn, Racine, Wis., secretary-treasurer.

## MEXICAN SITUATION IS QUIETING DOWN

MEXICO CITY, Feb. 2. (AP)—For the moment the troubles of Mexico seem to have quieted.

The religious and oil controversies had withdrawn into the background today, while the war department announced that the rebellious movement was crushed, although some scattered bands of rebels remain in the field. Coincidentally with this announcement special despatches from Guadalajara reported the killing of eleven revolutionaries and three federals in a recent engagement in the state of Jalisco.

The government has promised amnesty for all rebels who lay down their arms unconditionally. Those who fail to accept the offer of leniency will be pursued relentlessly by federal troops and exterminated if possible.

The oil situation has become calmer, it is thought, by reason of the denial that the Mexican government intends to adopt any compulsory methods with respect to property held by foreigners.

Three district courts in Mexico City today announced rejection of 31 applications for foreign oil companies for Amparos, or blanket injunctions against the new petroleum law.

## AMAZING DATA IS BROUGHT TO LIGHT IN FORD TAX CASE

(Continued From Page One)

The Robert Brookings School for Political Economy, Washington, another witness today estimated the plant worth \$240,000,000 on that date.

"Ford stock was the marvel of the age and could have been sold to the American public at any time since 1919," Mr. Prentiss testified. "If the minority holders had approached me in 1919, I would have paid \$37,500 a share for their holdings."

The share valuation fixed by the internal revenue bureau in 1919 was \$9,489 whereas the government now contends it should have been only \$3,600.

Statistical testimony presented by Dr. Friday revealed a profit of \$170 per car on the slightly more than 1,000,000 cars sold by the Ford company at a price of \$533 during 1913. An average profit of \$258 he said was realized on each of the 12,292 cars sold in 1909 at \$806.

## FEED MORE SHEEP IN ILLINOIS THAN IN PREVIOUS YEAR

Agricultural Statistician Shows Increase

SPRINGFIELD, Ill. (AP)—A substantial increase over the same time last year was shown in a January survey of sheep and lambs on feed in Illinois, said a report issued by A. J. Suratt, agricultural statistician for the Illinois and federal departments of agriculture.

On January 1, there were 290,000 sheep and lambs on feed, an increase of 26 per cent over the same date last year, said the report. A general improvement and satisfactory gains are shown for the last thirty days, although there were heavier losses than usual during the late fall and early winter of 1926. About 95 per cent westerners and 5 per cent natives are now reported in feed lots.

The survey indicates that 35 per cent of all westerners shipped in since August 1st have been returned to market. Reported market intentions indicate that the bulk of sheep and lambs on feed January 1st in Illinois will be marketed in January and February with the January market somewhat heavier than for February.

For all of the principal feeding states combined there were 355,000 or 8 per cent less lambs and sheep on feed for market on January 1927, than on January 1, 1926. The number this year was 4,251,000 compared to the revised estimate of 4,616,000 a year ago.

There was an increase of 310,000 head or 13 per cent in the eleven Corn Belt states. The largest increases were in Iowa, Michigan and Illinois. There was a decrease of 675,000 head in the western states.

While the estimated decrease in numbers on feed January 1 this year indicates a decreased supply of fed lambs during the five months, January to May, 1927, compared to 1926, the distribution of the supplies indicates increased marketings during the first half of the period and decreased supplies during the second half.

**BROWNELL, AUTHOR DIES**

Jacksonville, Fla., Feb. 2. (AP)—Clarence L. Brownell, 63, author and educator, died here today following several years illness.

For a time he was connected with Valparaiso, (Ind.) University and later made a study of educational systems particularly at Gary, Ind.

**AVIATORS AT PAITA**

Paiza, Peru, Feb. 2. (AP)—The United States army Pan-American aviators arrived here today from Guayaquil Ecuador.

Pana — Robert T. Sanders, Pana's oldest settler and a resident here for 74 years publicly celebrated his ninetieth birthday today. He drove oxen teams to Port Huron, Mexico for the government in 1854. Sanders held many city and other public offices.

## SHELTON BROTHERS MAKE DENIALS AND GIVE THEIR ALIBIS

(Continued From Page One)

time before he replied that he had been in Springfield. Then the prosecutor wanted to know if it was not a fact that he was on the state road between Carbondale and Marion and that he met Lory Price, the state highway patrolman. And was it not a fact that Shelton had a machine gun in his car covered with a blanket as he passed Price and was not that machine still in his car when a short time afterward he had a conversation with Floyd E. Moore, a recruiting officer? Shelton entered emphatic denial.

Lory Price it should be understood is the state highway patrolman who disappeared a few days after that, together with his wife and has not been heard of since. The theory has been advanced that Price was made away with by some of the gangsters who feared that he knew too much and might prove a dangerous witness.

The question may have been one to test his memory, but it appeared deeply significant under the circumstances.

Carl Shelton said he was 28 years old, married, and lived in East St. Louis.

In 1924 and for more than a year he and his brothers operated a "soft drink" parlor in that city and also had a road house half mile north of Herrin where he spent two days every week. He corroborated the stories of other witnesses for the defense to the effect that he was at Apt. New York's Arlington Hotel in East St. Louis about 7 o'clock of the morning of January 27, 1925 and started with them for Marion to attend the funeral of Ora Thomas, a deputy sheriff who had been killed and who was a friend of his. He also reiterated the story of Ad Bradley, the jailer, about eating lunch at the jail as his card and of going to the office of Louis Brady, the attorney who advised against attending the funeral.

## INDIAN DIES RATHER LEAVE NATIVE TRIBE

MIAMI, Fla., Feb. 2. (AP)—In the wilderness of the Everglades, Indian justice once more has meted out the death penalty to a Seminole slayer. It was preferred by the condemned man to banishment from the tribe.

Dr. John, the venerable medicine man of the tribe, has been executed for killing Little Willie, at a Redskin celebration in Big Cypress Swamp. The ancient code of an "eye for an eye" has been invoked. The medicine man has disappeared.

Dr. John so the story went heard the call of the Torsin heralding the first jubilee of the tribe since the gala marriage festival of Chief Tony Tommy and Edna John Osceola in June. While the braves and their squaws danced and sang, Dr. John drank too deeply. In a drunken dash of temper he clubbed to death his friend and companion. For weeks he was hunted and finally found.

The council of elders dedicated the terms of death or a lengthy banishment in a distant tribe and the slayer chose the former.

The doomed man was sentenced to die, but his solitary confinement in a secluded palmetto hut had so sapped his strength that the elders forwarded the date of execution, rather than risk a natural death.

## THOUSANDS FOUND IN DEAD MAN'S CLOTHING

HOT SPRINGS, Ark., Feb. 2. (AP)—Discarded clothing of a dead man which was being converted into clean rags at a laundry here today revealed that \$6,000 in large bills, \$3,000 in bonds and two diamond rings had been concealed therein prior to his death.

M. L. Rothschild, of Chicago, who died at a hotel here Tuesday was the owner of the valuables.

A daughter will arrive here from Chicago tomorrow.

## DISMISS ELOPERS FROM LOMBARD COLLEGE

Galesburg, Ill., Feb. 2. (AP)—Miss Josephine Thomas (Indianapolis) and Charles Miller of Hoopston, student elopers at Lombard College, were dismissed from school today. The couple intended to keep their recent marriage a secret and the college action followed. Miss Pearl Steinfield of this city and Cornelius Miller of Hutchinson, Kansas, will not know until President Albert Britts, of Knox College returns at the end of the week, whether they will be allowed to resume their studies.

## HEDDING COLLEGE TAKEN OVER BY MILITARY SCHOOL

Abingdon, Ill., Feb. 3. (AP)—Hedding College, founded here in 1855, was taken over today by the Illinois Military School at Aledo. Colonel Clyde Terry, president of the school announced that the three upper classes would be moved to Abingdon, and that the grades and high school freshmen would remain at Aledo. The transaction closes a seven year fight to keep the former Methodist school open. It was closed several years ago but reopened as a junior college and then "self-help" school.

## KILLS MAID; ATTEMPTS TO COMMIT SUICIDE

ST. LOUIS, Mo., Feb. 2. (AP)—After killing Mrs. Pearl Gram, 22 year old maid in the home of Dr. A. W. Sauer here, William Rohm, 22, also an employe attempted to take his own life today in the presence of the doctor's wife, who is suffering from paralysis.

Mrs. Sauer, who is unable to talk, told the story later with the aid of wooden blocks bearing the letters of the alphabet.

Rohm cut the maid's throat. He then shot himself in the chest with a shotgun. Still able to walk, he returned to a room in which Mrs. Sauer sat and cut his own throat. He then walked out of the house and later was found in a neighbor's yard. His condition is critical.

## JURORS DELIBERATE IN ST. LOUIS CASE

St. Louis, Mo., Feb. 2. (AP)—Jurors in the trial of Forrest Ferguson and Alfred P. Baggott, president and secretary of the defunct Ferguson-McKiner Manufacturing company on charges of using the mails to defraud were still deliberating tonight. The case was given to the jury at 10 o'clock this morning.

Public Utilities Bill

State-wide suffrage is attached to a bill by Representative McClurg, amending the public utilities act to permit a referendum election on petition of three per cent of the votes in any municipality with a view to withdrawing from jurisdiction of the Illinois Commerce Commission.

The council would be authorized to set up its own regulatory machinery and have complete control over utilities operating within the corporate boundaries of the city or town.

Disputes would be settled in the local courts and at any time it wished the city, by the same process might vote itself back to control by the senate.

A joint resolution was introduced by J. Bert Miller, Kankakee, calling for the appointment of a committee of three senators and three representatives to confer with a similar committee from the Indiana legislature relative to blocking the corn borer invasion. It would be the duty of the committee to recommend any program of quarantine or appropriation agreed upon. The state department of agriculture, however, is expected to make an individual request for appropriation.

John Acker, is expected to make an individual request for appropriation.

John Acker, Savannah, introduced a joint resolution for a committee of three senators and three representatives, including chairman of the fish and game committees of both houses, to propose uniform laws for Illinois, Indiana, Michigan, Wisconsin, Iowa and Kentucky. A joint committee of ten to investigate the crime situation and propose laws for the revision of the criminal code would be appointed under a joint resolution introduced by Michael Roe, Chicago.

Women's Work Bill

The biennial "women's eight hour bill" was thrown into the legislative limbo today by Lathrop Holman O'Neill. Lawyers Grove providing that whenever a female is employed not more than six days a week it is lawful for her to work not more than ten hours a day for one or two of those days, if such overtime be deducted from her other working hours of that week, so that in no case is she employed more than 48 hours a week.

To escape the maze of amendments that resulted in the bills deaths on the floor of the house last session, the author has expediently graduated nurses, women employed in canning factories during rush season, telephone operators working during emergency periods and operators employed in privately conducted agencies. It is left to the state industrial commission to decide when an emergency exists and ends. Barring unforeseen opposition, friends of the issue believe there are enough new members of the legislature favorable to the bill to insure its passage in the house.

Public Utilities Bill

State-wide suffrage is attached to a bill by Representative McClurg, amending the public utilities act to permit a referendum election on petition of three per cent of the votes in any municipality with a view to withdrawing from jurisdiction of the Illinois Commerce Commission.

The council would be authorized to set up its own regulatory machinery and have complete control over utilities operating within the corporate boundaries of the city or town.

Disputes would be settled in the local courts and at any time it wished the city, by the same process might vote itself back to control by the senate.

A joint resolution was introduced by J. Bert Miller, Kankakee, calling for the appointment of a committee of three senators and three representatives to confer with a similar committee from the Indiana legislature relative to blocking the corn borer invasion. It would be the duty of the committee to recommend any program of quarantine or appropriation agreed upon. The state department of agriculture, however, is expected to make an individual request for appropriation.

John Acker, is expected to make an individual request for appropriation.

John Acker, Savannah, introduced a joint resolution for a committee of three senators and three representatives, including chairman of the fish and game committees of both houses, to propose uniform laws for Illinois, Indiana, Michigan, Wisconsin, Iowa and Kentucky. A joint committee of ten to investigate the crime situation and propose laws for the revision of the criminal code would be appointed under a joint resolution introduced by Michael Roe, Chicago.

hicipalities not having a commission form of government, is expected to be introduced in the house of representatives tomorrow.

While the author David McClurg, Peoria, did not make public his plans the impression prevailed tonight that his action in withholding numerous amendments to his original bill may pre-empt the appearance of a new measure, giving all towns and cities the privilege he first sought for Peoria alone.

At the session today, McClurg offered an amendment under which cities with a population between 75,000 and 200,000, on petition of five percent of the legally qualified voters, might hold a special referendum election on the question of increasing mayorality and aldermanic terms. He was followed by A. Otis Arnold, Quincy, whose amendment would extend the privilege to all municipalities and provide that Aldermen be elected at alternate years, thereby insuring that each new city council have the benefit of a few experienced members.

Due to the complication of amendments, McClurg asked that the entire matter be held in abeyance until Thursday.

### MODISH MITZI

### Mitzi Begins at the Beginning

### By Jay V. Jay

"I began my spring shopping with this hat," says Polly admiring her own headgear of felt and straw sprinkled with pearl beads. "I began mine with my corsets," says Mitzi, "and this is only one of them." It is a girdle of satin and elastic fastening on one side and boned in front.

This is for evening wear—a girdle and brassiere in one. The brassiere top is of lace, cut very low to allow for the décolleté of one's evening dresses. The lower part is of silk elastic and satin and the whole garment fits snugly to give smooth supple lines under a gown.

This, too, fastens on one side and it is made of silk plaid topped with a trim or organite. Both this and the first girdle are for daytime wear—it's best to begin at the beginning, Mitzi thinks, and plan the foundation of one's wardrobe before one buys the frocks.

Another evening combination is a step-in model of silk elastic which rises in front to prevent a break in the smooth front-fitting of a dress. "You know," says Polly, "there's a lot to be said for your system. I think I'll take this hat back and get credit on corsets, instead."

Tomorrow—Evening Gowns, Necklines and Hemlines.

### BATHTUB SCENE IS STAGED BY CLUB

ATLANTA, Ga., Feb. 2. (AP)—The bath tub scene which climaxed a dinner given by the Atlanta Co-operative Club here January 30 came under the scrutiny of the grand jury today along with charges that whisky was served at the party.

Published allegations were that a negro girl was cast in the principal role in the scene.

Winfield Jones, president of the club said that little "Pickaninny" was displayed in a bath tub for a few seconds, "as an amusing end of a pleasing evening," he asserted this was merely a burlesque and "only intended as such on a certain party held in New York under entirely different circumstances."

Mr. Jones also said "that there were liquid refreshments present. It would be absurd to deny, but that there was not any excessive use of intoxicants or any tapping of any warehouse reservoir it would be equally absurd to charge."

On the whole the "party" was such as "I imagine is being pulled off daily and nightly in many hotels and other social rendezvous of this city."

The grand jury hearing will continue tomorrow.

Prominent citizens were summoned before the jury which began an exhaustive investigation in the affair at which Carl H. Langnecht, of Kansas City, international president of the Co-operatives was the honor guest. Mr. Langnecht, in a statement made at Oklahoma City, Okla., today said the party was "extremely conservative and respectable," and that the "pickaninny" was six years old.

Walter Candier, Atlanta capitalist was before the jury only a few minutes.

Fred Jewsberry was among the Jacksonville visitors yesterday from Markham.

## MRS. HAROLD WRIGHT NEW AUXILIARY HEAD

Election and Installation Takes Place Wednesday at Meeting of Jacksonville Unit.

Mrs. Harold Wright was elected as president of the American Legion Auxiliary at a meeting of the Jacksonville unit last night at the Legion Home. Mrs. Vida Armstrong, vice-president of the organization presided at the meeting until after the election. Mrs. Wright takes the place made vacant by the resignation of Mrs. O. C. Smith.

Mrs. Cora Corbridge as district committeewoman, presided as installing officer and Mrs. Wright was installed as the unit's president and Mrs. Ina Colton was installed as secretary of the organization. Mrs. Wright announced that there would be no changes in committee already appointed for the year. Mrs. Earl Rogers was named memorial committee chairman.

Mrs. Marian Hauck, Elmer chairman, gave an interesting talk on National Policy of Preparedness and Mrs. George Corbridge, membership chairman read a report from the state membership chairman telling of the prizes offered by the state department for increase in membership. A Valentine party was planned for February 16.

A rehabilitation report made by the state department of the auxiliary showed that much had been done for the veterans of the World War in the Illinois hospitals at Christmas. Contributions of money and other gifts amounting to \$2,311.52 were made.

Felt slippers were distributed to the men at Elgin, Great Lakes, North Chicago, Kankakee, Quincy, Watertown, Dwight and Jacksonville, 1,637 pairs. Danville did not want slippers, so \$150. was given the local chairman for Christmas boxes.

Central Council of Cook County Auxiliaries paid for 143 bathrobes of the 590 distributed at the Illinois Jr. Hospital.

Christmas envelopes containing crisp new dollar bills were mailed to the 364 Illinois men in hospitals throughout our country whose names were supplied by the State Adjutant and the National Rehabilitation chairman.

Fifty-six Christmas baskets at an expense of \$232.50 were distributed to needy families of ex-service men.

Some bathrobes were given to T. B. women in Oak Forest, relatives of hospitalized ex-service men in Oak Forest.

Each state hospital chairman a sum of money was given to cover emergency needs in her hospital—so no man might be neglected.

ENTERTAINED AT OYSTER SUPPER

Mr. and Mrs. Robert Heppen entertained the members of the Jewsbury telephone line at an oyster supper Saturday evening, January 29.

The guests included Mr. and Mrs. F. W. Jewsbury, Mr. and Mrs. A. H. Jewsbury and daughter, Elizabeth, Mr. and Mrs. Geo. Coumbes, Bobby Heppen, Mr. and Mrs. Henry Mawson, Roscoe and Robeteen Mawson. All members of the telephone line were present except Mr. and Mrs. A. W. McFarland who were not able to be there on account of Mrs. McFarland's illness.

The evening was very enjoyably spent with games and social conversation.

Bert Henry of Woodson transacted business in Jacksonville Wednesday.

### TO STAGE FREE TRIP OVER J. & H. MONDAY

F. J. Lisman Will Accompany Local Boosters on Railway Journey to Havana and Return—Make Reservations Early.

The free booster trip to Havana over the J. & H. which was called off sometime ago because F. J. Lisman of New York, financial backer of the road, could not be present, is again scheduled to take place. Next Monday has been set as the date, and Mr. Lisman will arrive in the city Sunday night to accompany the citizens who wish to make the trip.

Reservations for this trip should be made at the Chamber of Commerce not later than Saturday noon of this week. The train, consisting of an engine, two day coaches and a baggage coach, will leave Jacksonville at 8:30 o'clock Monday morning. Various towns along the route will be visited by the boosters. On the return trip the train will leave Havana in time to arrive here about 4:30 o'clock in the afternoon.

A dinner will be served at noon under direction of the Havana Commercial club at Riverside park. The Havana citizens will also provide autos to take the visitors to and from the hotel and on a tour of the city. Those wishing to make the trip from this city should make reservations early, as only a limited number can be accommodated.

### RESTAURANT AND HOTEL MEN TO MEET TODAY

Hotel and restaurant men of the city will meet at 10 o'clock this morning at the Chamber of Commerce to make plans for handling the hundreds of visitors expected to attend the convention of Illinois Farmers' Grain Dealers, to be held in this city next week.

### STUDENTS TO RAISE BUILDING FUND

A novel contest to help along the campaign for the new science hall at the Illinois Women's college has just begun among the undergraduates at the college. Each student is trying to sell a large number of bricks at the rate of ten bricks for a dollar to help in for her class and for her class the honor of furnishing the names for the two laboratories in the new science hall. The goal set is 250,000 bricks.

Added interest is being aroused in the contest, because the popularity contest goes with the sale of each brick.

Most of the undergraduates have agreed to furnish 500 bricks themselves by pledging \$10 a year for five years, as well as to sell 150 bricks to each of four people by getting them to pledge \$5 a year for three years.

In the chapel a large drawing of the new building has been placed, so that the progress of the contest shall be visualized as the bricks are delivered.

### PROFESSIONAL STUDY FOR TEACHERS OF EXPERIENCE

There is still opportunity for the enrollment of teachers in a professional course offered by the Department of Education of Illinois Women's college. Teachers may register at the business office at any time during the week, February 1 to 5, or may enroll at the first class meeting attended this week.

The class will meet Wednesday and Friday evening from 7 to 8 o'clock in room 1-34 in building. Conflicts with other evening college work will be arranged for if necessary.

The course will present modern trends in education, and will offer valuable opportunities for professional and other reading. The work will be accepted toward a degree.

The attention of teachers desiring "in-service" training thru college work is called to this opening for the purposeful study. Miss Kelllogg will conduct the course.

### MAKE MINOR REPAIRS AT WABASH STATION

### CATHOLICS MEET TO HEAR CATHEDRAL PLAN

Laymen and Clergy Discuss New Building Project Before Representatives of Many Parishes—Bishop Griffin Speaks.

Representatives of the Catholic churches in the Jacksonville diocese met in the Rount college auditorium yesterday afternoon to hear a discussion of plans for the raising of \$750,000 to build a new cathedral for the diocese in Springfield.

Representatives were present from churches at Jacksonville, Carrollton, White Hall, Roadhouse, Franklin, Waverly and Jacksonville. The meeting was opened with the invocation by Rev. Father Clancy. Rev. Father E. F. Formaz presided as chairman and introduced the various speakers.

The first speaker was Father Sloan, who explained the plan of campaign. The drive will open with next week. Solicitors are being selected in each parish to make the canvass. These men will carry identification cards in order that all parishioners may be assured that they are giving their money into the right channel. A careful system of records has been arranged and reports will go in daily to the Springfield office. Every diocese in the diocese after each diocese has received reports from the various parishes.

The next speaker on the program was E. J. Coyle of Carrollton, who gave the new cathedral project a hearty endorsement, speaking for the laity. He stated that there are many great organizations, but that the Catholic church is the greatest and oldest organization in the world, and that inasmuch as the founder of the church instituted it in a hall which He asked His disciples to furnish, He is now asking the people of the Springfield diocese to furnish Him a new hall at Springfield, this to be a new cathedral.

Mr. Coyle was followed by John W. Merrigan of this city, who also heartily endorsed the building of the cathedral. Mr. Merrigan discussed the project from a business standpoint, emphasizing the need of a mother church for the diocese and that a fitting building should be erected for this purpose.

Father Formaz then introduced the principal speaker of the afternoon, Bishop Griffin, who told of the plan in detail. He said that the new cathedral is to be a thing of beauty and while it may not be as large as some other of the greater churches of the country, yet the architectural design and the arrangement of the building will make it one of the most beautiful churches in the nation. He emphasized the fact that the old cathedral is famous for the beauty of its church and he told of several of these edifices which he recently visited in a tour of Europe. He deplored the fact that up to this time America has been lacking in great works of art, due to the fact that we have been so busy in making material progress. But, he said, the time has now come for the building in America of structures with more beauty and of more artistic design.

The style of the new cathedral as the bishop described it will be that of the time of Abraham Lincoln. It will have an architectural design similar to that of the Illinois state capitol and will harmonize with the historical position of Springfield. The bishop asked that the people give to this project in proportion to their means and above all that they extend to those who are promoting the matter their good will and the inspiration of their enthusiasm.

Rev. Father Costello, president of Rount college, pronounced the benediction.

### GROUND HOG SEES SUN, WEDNESDAY

Those who profess to know say that Mr. Ground Hog did not tarry long out of his den Wednesday. And those who believe in weather "signs" are now preparing for six weeks more of winter weather, basing their preparations on yesterday's temperature.

No person in Jacksonville will dispute the fact that the groundhog, which more than any other animal is supposed to forecast weather, saw his shadow Wednesday. Rarely if ever has there been such a bright February 2, or "Groundhog Day", as yesterday.

With a brightness and warmth so rare this early in the year the sun got in a good day's work yesterday, and so much like spring weather was it that it would seem that Mr. Ground Hog is a poor prognosticator of the weather.

### CARL ROBINSON SPEAKS AT H. Y. MEETING

Tuesday evening at the regular H. Y. meeting, which was held at the First Baptist church with forty-two boys in attendance, Carl E. Robinson, State Representative made a very interesting talk on the subject of "Clean Speech." He left no doubt in the minds of the boys that clean speech exerts a powerful influence.

A Bible study committee consisting of George Nicol, Malcolm Allen and Albert Cully were appointed by the president, Boyce Moore. This committee will arrange for a series of Bible talks and probably for the organization of a class for special study.

Membership cards were passed out during the meeting.

### MR. BRIGGLE IS CANDIDATE FOR JUDGE

Well Known Springfield Attorney Seeks Place On Judicial Circuit Bench—Has Made Splendid Record As Master In Chancery Of Sangamon County.

Charles G. Briggle, well known Springfield attorney, is a candidate on the Republican ticket for election as circuit judge in this district at the election to be held in June. Mr. Briggle has for nine years past been master in chancery in Sangamon county, having been appointed by the judges of the circuit court to that position each year for the period mentioned.

He became master in chancery after having practiced law in Springfield beginning in 1904. Mr. Briggle was born in Rushville

CHARLES G. BRIGGLE

where he spent the earlier years of his life and his student days were at the University of Illinois, where he graduated in 1904.

In a county of the size of Sangamon there are many cases come before the master and Mr. Briggle has led a busy life during his nine years of service and has heard the evidence and reported over 700 cases.

In such a large number of suits there has of necessity been great variety and the character of his work is evidenced by the fact that his reports have been sustained by the higher courts in all of the cases except eight. Out of the eight he was reversed in five and sustained in part in three.

One of the most notable cases which came under his jurisdiction was in the foreclosure of the mortgage lien on the old Chicago, Peoria & St. L. R. Co., in which his report was sustained by the supreme court in this case. Mr. Briggle passed upon and paid 350 claims aggregating nearly \$2,000,000 and heard and denied numerous other claims.

During his service as master he has received and disbursed over \$6,000,000 without the loss of a single dollar. Mr. Briggle as a candidate for circuit judge has the unanimous endorsement of the Sangamon county bar association. This endorsement has come about because of his record as an attorney, as master in chancery and his known integrity.

Mr. Briggle is married and has two children, a boy aged 15 and a daughter 12. As already indicated, he has the high esteem of the people in Springfield, where he is accounted one of the leading and most dependable citizens.

### PROMISE PLENTY OF FISH TO STOCK LAKE

Representative Carl E. Robinson yesterday obtained an interview with W. J. Stratton, state fish and game warden, relative to the restocking of Lake Mauvais with fish.

Local residents have for some time feared that it would be impossible to obtain sufficient fish to restock the lake in good shape.

Mr. Stratton, however, assured Mr. Robinson that Jacksonville would be able to obtain as many fish as will be necessary to put the lake back to its former status as a fishing ground. Several carloads of fish may be obtained for the lake if desired, Mr. Stratton said.

It is not known whether fishing can be enjoyed at the lake this season, but it is planned to restock the lake with fish at the earliest opportunity.

### A. A. CURRY REPORTED IMPROVING IN FLORIDA

Albert Curry recently wrote to his wife here that his father, A. A. Curry, who has been ill for some time in St. Petersburg, Fla., is steadily improving. The younger Mr. Curry went to the bedside of his father a few days ago, and states that although still confined to his bed, he is steadily improving and expects to be able to be around in a few days.

Mr. Curry became ill on board a boat in New York where he and Mrs. Curry were to embark upon a Mediterranean cruise. He was taken to a hospital and advised to go to a southern climate for recuperation. He and his wife will probably spend the remainder of the winter in Florida.

### IN JUSTICE COURT

Charles DeSilva, Jr., was arrested yesterday by local police and fined \$5 and costs in Justice Opperman's court on a charge of disorderly conduct. Alfred Berkery, also arrested by local police, was fined \$5 and costs on a charge of being intoxicated.

### FARM BUREAU PLANS IMPORTANT MEETINGS

Farm Accounting Session to be Held Here Monday, February 7—Other Projects to be Taken Up.

Several important meetings will be conducted under the auspices of the Morgan County Farm Bureau within the next few days. Farm Adviser F. A. Fisher announced Wednesday.

Next Monday there will be a farm management conducted with H. H. Huddleston of the college of agriculture in charge. Twenty members of the local bureau have kept simplified farm accounts during the past year and they are expected to be present at the meeting to make summaries and close the accounts of last year. There will also be a session for farmers who have not kept records during the past year.

The Farm Bureau stresses simple farm accounting as thru it the farmer each year can tell how much he has made of last above all operating expenses, and by comparing with others thruout the state who keep accounts he can gain an idea where his weak points are in farm management problems. The keeping of farm records is the first step in balanced farming, the Bureau officials declare.

At the Monday meeting there will be a class for beginners at 11 o'clock in the morning, and men who have been keeping accounts during the past twelve months may start their summaries as soon as they arrive at the Bureau offices.

The executive board of the Bureau has postponed its next Saturday meeting to February 12, when J. C. Splitter of the extension service of the college of agriculture of the University of Illinois, will be present. Mr. Splitter will meet with the executive board and township chairmen and discuss the program of work of the officers in relation to membership and the Farm Bureau.

On Monday, February 14, H. R. Linsey, of the department of soils of the college of agriculture will meet with the soils committee of the Farm Bureau and outline a program of soil improvements. Mr. Linsey will demonstrate the treatment of soils for local farmers.

The following day J. C. Metzger of the organization department of the Illinois Agriculture Association will meet with a group of township workers to discuss the Farm Bureau and why every farmer should be a member.

At the last meeting of the executive board of the bureau the executive committee voted to have a meeting of the entire membership and discuss the farm oil project. On February 22, J. R. Bent of the Illinois Agriculture association will be here and outline the proposal.

### WOODMEN INSTALL OFFICERS WEDNESDAY

Modern Woodman Camp No. 132 held its annual installment of officers at a meeting last night at 7:30 in the Woodman Hall on South Main street. Several candidates were adopted during the evening. Following the installation of officers and the initiation of new members, a musical program was given by old-time tidlers.

The officers installed are: Venerable council—James Rice. Past council—W. E. Bates. Adviser—Otto Lindemann. Clerk—Louis Piepenbrink. Banker—William Franz. Escort—Percy Scott. Watchman—George Harry. Sentry—Clyde Magill. Trustee—William Brooks.

Installing officer—George Gomes.

### ELK HORN SCHOOL STUDENTS GAVE INTERESTING PLAY

The pupils of Elk Horn school presented a very interesting play entitled "Some Other Woman's Husband" Thursday evening January 27 at the Elk Horn school. John Welsh, the teacher at the school, wrote and directed the play.

Following the program, pies and boxes were auctioned off by Joe Lawless. Miss Opal Worrall was voted the most popular young lady, and Little George Lee Sturdy held the lucky number on the Ford tire which was given away. Henry Schofield won the prize for selling the most numbers on the tire.

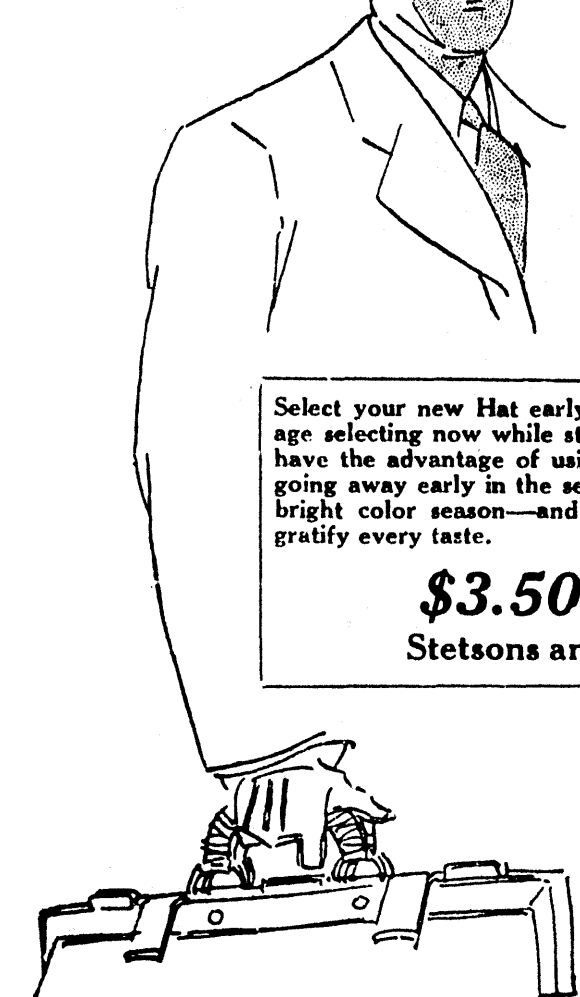

There was a large attendance and a handsome sum was realized on the auctions. The money is to be applied on the purchase price of a piano for the school.

### REXALL BIRTHDAY SALE AT GILBERT'S SPECIAL PRICES.

RETURNS FROM CHICAGO  
Simon Fernandes is at his Jacksonville home after an extended illness in Chicago and his friends are glad to find him so well along the road to health.

While visiting in Chicago he was suddenly attacked with an ailment which required a serious surgical operation. ## Green County Will Hold First Annual B. B. Tournament

White Hall, Feb. 2.—Basketball fans of Green county who are familiar with the "dope" are busy this week picking the probable winner of the first annual county high school tournament which is to be held in the White Hall High school gymnasium Friday and Saturday.

Among the nine teams entered in the meet are three and possibly four quintets which loom as the strongest contenders. There is not a team entered that stands out above all others. Greenfield and White Hall are most favored by the dopests to win the championship, but it is generally admitted that Rockbridge, Kane or Roodhouse have a fairly good chance to come thru. Eldred, Patterson and Hillview are "unknown quantities" who may furnish some surprises.

The Greenfield five has been playing a consistent brand of ball all season, and although they have lost quite a few games most of the losses have been by close scores and against good teams. Saxton, Greenfield, is one of the outstanding players in the county and he is expected to be in top form in the tournament games. Coach Pruitt has built his team around Saxton and has developed a smooth-working machine with Arnold at center, Hall and Nelson at guard, and Cole at the other forward position.

In the Murrayville and Brighton games here last week-end, the White Hall cagers appeared to be in the midst of a very bad slump. However, Coach Bayless has been working his squad overtime this week to shake the "jinx" that seems to be following his boys. The Red and Gold five, which has rounded into good form in basketball shooting which has been their weakest point, Coach Bayless, however, has developed an unusually good passing team and the local five is sure to be very dangerous if they are able to successfully find the range of the hoops. The loss of Captain Harold "Dutch" Nash, who became ineligible at the end of the first semester, has forced a change in the local line-up. White Hall is blessed with plenty of capable reserves, though, and Nash's absence will not be felt so keenly when the new combination hits its stride. Howard Nash will be used at center, and Corder, Ballard Halbert and Neutzman at forward. Bethard and Ford will be relied upon as regular guards, with Henry, Conrad and Pearce in reserve. The local fans are expecting the team to be at its peak in the tournament games and are looking them to win.

With Mackey and Gilmore at forward, Hull at center, and McIver and Whitehead at guard, Coach Sammis has developed a "fighting" team at Roodhouse, an aggregation that has been improving with every game. It has not been a heavy scoring combination but Roodhouse has been playing a wonderful defensive game.

Rockbridge's scrappy bunch will prove plenty for Greenfield in the first round game. Rockbridge has been playing some of the best teams in this section this year, showing up well. Coach Pewster's team also has had tournament experience, having met Pittsfield in the Winchester tournament.

This is Carrollton's first year at basketball, their fine new gymnasium having been completed just before Christmas. Although the game is new to them, the Carrollton school has taken a big interest in basketball. On Carrollton's first team are Postlewait and Pinkerton, forwards, Gimmy, cetered and Bishop and Hillman, guards. Coach Ira Fanning is in charge of the team.

Kane, the "surprise" team which upset White Hall recently, is expected to make a good showing in the tournament. The Goodfellow brothers at forwards and center, have a good eye for the basket and their opponents will have to watch them.

Patterson has a fairly good team this year, despite the fact that they do not have any indoor court on which to play. Patterson is one of the teams that is expected to furnish a surprise, as that school has plenty of good material and may be very troublesome should they get it right.

Not much is known here of the strength of Hillview and Eldred. Hillview usually has a pretty good team. Eldred gave Carrollton a hard game last week, losing by a 27-21 score, which might indicate that Eldred will give Patterson plenty of opposition in their round game. Hillview drew a tough opponent in the Roodhouse five but the game is not expected to be a walkaway for Roodhouse. The tournament will get underway Friday afternoon at 2:30 when Carrollton and White Hall "pry off the lid." There will be afternoon and evening sessions Friday, and morning and evening sessions on Saturday.

The committee in charge of decorating to gymnasium is working overtime in preparation for the big event. Fans from all parts of the county are expected to be here to enjoy the festivities.

## ENTRY LISTS FILED FOR GREENE TOURNEY

County Tournament to Open at White Hall on February 4th—Nine High School Teams Entered.

White Hall, Feb. 2. (Special).—The nine high school basketball teams of Greene county will spend the first few days of this week adding finishing touches to their play in preparation for the first annual County Tournament which will be held in the White Hall high school gymnasium next Friday and Saturday, Feb. 4th and 5th. Interest in the meet is growing rapidly and the officials are predicting record-breaking crowds. Although there are two or three teams that seem to stand a better chance to win the high honors than the others, dopests freely confess that the victor is very uncertain and look forward to many hard-fought games.

The lists of players sent to Supt. C. A. Whiteside, of the local schools, who is manager of the tourney, by the various schools are as follows:

Carrollton—W. Gimmy, J. Postlewait, A. Baker, C. Bishop, E. Pinkerton, S. Folles, T. Hillman, D. Pierson, A. Rollins, O. Rayle, G. Gumm, J. Mann, E. Pointer, C. Powell, E. Stout.

## THREE SPRINT CHAMPS MEET THEIR WATERLOO

NEW YORK, Feb. 2. (AP).—Three sprint champions met defeat tonight in the opening two races of the invitation series of dashes, providing an early feature for the Millrose A. A. track and field carnival in Madison Square Garden.

Loren Murchison of the Illinois A. C. indoor king for the past three years and Jackson Scholz of the New York A. C. Olympic 200 meter titleholder were eliminated in the 40 yard dash, won by an outsider, Ernest Morrill of Boston University in 1 4-5 seconds with Francis Hussey, of Boston College second.

Henry Russell of the Penn. A. C. 1926 intercollegiate champion was eliminated in the 60 yard heat of the series, finishing third in a dash won by Al Miller, Harvard's 200 yard half back with Bob McAllister, second.

The Indian relay team from Haskell Institute, Kansas with Phil Osif, National "Six mile champion as a member met its match in the crack Boston College quartet, finishing second in a two mile race in which Columbia was third and last.

MOTHER REPUDIATES SWIMMER'S CONTRACT

Los Angeles, Calif., Feb. 2. (AP).—Repudiating the contract which gives Henry O'Byrne trainer and manager of George Young, 17 year old conqueror of the Santa Catalina channel, forty per cent of the swimmer's earnings, Mrs. the young, of Toronto, Ont., the last mother, today notified O'Byrne of his dismissal.

The notification was contained in a telegram sent by Mrs. Young to O'Byrne, who is now in San Francisco with the swimmer. A similar notice was sent to the manager of a San Francisco theater where Young is booked for an engagement. The theater management was instructed to refrain from paying any salary due Young to anyone but his mother who is also his legal guardian.

Mrs. W. H. Decker of Litterberry was a visitor in the city of Jacksonville Wednesday.

Roosting in the fourth position on the conference ladder, Illinois college may be forced to go into the game this Saturday night against Carthage on the Carthage floor without the services of Raymond Goldsby, Flora lad, who played a whale of a game on the floor against Lincoln, Tuesday night.

Goldsby was taken from the game near its close with a severe cut which required five stitches to close, sustained when he fell to the floor after leaping in the air for the ball.

Coach Harmon was not planning last night to use the aggressive forward this Saturday night, making another shift in his line-up, which is hoped will produce the strength required to keep the team on the top of the Little 19 heap.

Freemont Blandin, who hooked his leg and fell while attempting a Spanish final examination, expects to be eligible to get in the game this Saturday night, a special test being taken by him to remove the difficulty.

Reports that Coach Omer had shifted his line-up during the past two weeks only served to give the Hilltop crew more determination to get into the battle early and get the lead on the Carthage crew this Saturday night.

## "FAN BREEZES"

This is your column too, send in your contributions.

Well, we notice that Illinois college has jumped up to fourth place in the Little 19.

Playing basketball as they did against Lincoln and Macomb, that Hilltop crew is going to be mighty hard to keep off the top rungs of the ladder.

And with the Carthage game on the Carthage floor this Saturday night, Coach Harmon is going to have his hands full. It is going to be mighty tough sledding for the Blue and White five from now on, but they showed their stuff Tuesday night.

Coach Omer has shifted his lineup to make room for younger blood, which means that Illinois will probably meet a faster team on Saturday night than they did when Carthage played here.

Carthage has yet to win a Little 19 struggle but that doesn't mean that they might not start Saturday. They have a small gymnasium with a balcony around all sides, which makes it doubly tough for the invading teams.

For the first time in many years, Bradley is down on the foot of the Little 19 ladder. It is hard to explain.

And then there is Coach Mitchell's team, roosting on the bottom rung of the Big Twelve life saving machine, and another conference battle scheduled for this Friday night.

The Crimson cagers have to make up for the defeat that Springfield handed them earlier in the year, and they feel that there is no time like the present.

Which all goes to show that fans may expect one of the hottest games of the year this week-end.

Reports state that Freeport has another team in the field this year. We heard from some of the Freeport boys attending the Hilltop school that Freeport lost four of the men from the squad

that won the state championship last year.

Greene county friends, if you wish to express your feelings on the outcome of the Greene County tournament, send us in the dope. We like to read letters, (and we might publish them).

## MANY BOXING BOUTS SCHEDULED SOON

NEW YORK, Feb. 2. (AP).—The most pretentious array of heavyweight bouts ever arranged for the indoor season was completed today when Jack Sharkey, Boston contender came to terms for a 15 round match with Mike McTigue, the fighting Irishman at Madison Square Garden on March 3.

Within less than a month February 7 to March 3, the garden will be the scene of four bouts bringing together all of the leading contenders for Gene Tunney's crown except the former champion, Jack Dempsey. The dates:

February 7—Young Stribling of Atlanta vs. Eddie Hoffman of Los Angeles, 19 rounds.

February 18—Jack Delaney of Bridgeport, Conn., light-heavyweight champion vs. Jim Maloney of Boston, 10 rounds.

February 25—Paulino Uzcudun of Spain, the European heavyweight champion vs. Knute Hansen of Wisconsin, 10 rounds.

March 3—Jack Sharkey of Boston vs. Mike McTigue of New York, 15 rounds.

The Maloney-Delaney and Sharkey-McTigue bouts loom especially important because all the men involved rank high among the list of the title aspirants. McTigue has leaped unexpectedly into the middle of the elimination program thru his sensational knockout of Paul Berlenbach last Friday.

With the ancient enemy Springfield scheduled to return the game played early last fall on this Friday night, Coach John Mitchell is dishing out new plays, both from offensive and defensive positions, and expects to stop the Red and Black when they appear on the local court.

With McLaughlin and Schlitter showing up well in the lineup, Coach Mitchell was for the first time this year, at least expecting of some where near the score made by an opponent.

Friday night's games will start at 7 and 8 o'clock, the Springfield freshmen being scheduled to take the floor in a game against the Crimson freshmen, at seven o'clock.

Both Springfield and Jacksonville have had unusually poor seasons to date this fall in games won in the conference, but the game Friday night will not have much to do with the standings. It will be a battle to even an old score; Springfield to make amends for the pair of defeats they suffered at the hands of the Crimson last year, and Jacksonville to take revenge for the game they lost to the Capital City quintet earlier in the season.

## PROMINENT SWIMMER BURIED WEDNESDAY

CHICAGO, Feb. 2. (AP).—Rudolf Bauer, holder of twenty-three world's backstroke swimming records, was buried today in Mount Olivet Cemetery.

The six active pallbearers, some holding world's swimming records, were John Weissmuller, Robert Skilton, Dick Howell, Ralph Beyer, Hugo Miller and Weston Kimball.

Members at Gamma Phi Theta sorority, Northwestern University, which he attended, acted as honorary pallbearers.

Mrs. Bauer, 23 years old, died Monday at a hospital, following an illness of three months, from intestinal trouble. She was engaged to be married in June to Henry Sullivan, New York sports writer.

Among her many aquatic victories was the 1924 Olympic games back stroke championship.

## BUTLER DEFEATED ILLINOIS 32-30

URBANA, Ill., Feb. 2. (AP).—Butler's flashy basket quintet defeated the University of Illinois five here tonight in a non-conference game by two points, the score being 32 to 30 at the final gun.

Illinois led at the end of the first half 16 to 13, but the Hoosiers contested their lead thruout the second half fighting constantly to gain a safe margin. Long shots for baskets that sent chills up the spectators' spines and long passing featured the evening's game.

"Vug" Daugherty and Ernie Dorn led the scoring for the Illini while Wakefield took high honors for the Hoosiers. Wakefield's long shots threatened the Illini time and again with his final shot scoring the two points necessary for a Butler victory.

## NEW BERLIN DEFEATS KNIGHTS OF COLUMBUS

Saugamon County Aggregation Wins From Jacksonville Independents 27 to 19 Last Night.

The Knights of Columbus basketballers were bested in a hot contest at Liberty Hall last night taking the small end of a score of 27 to 19, with the New Berlin Independents. A shower of baskets in the final quarter spelled defeat for the locals after they had taken the lead in the second quarter.

The game started out with guards for the two teams doing effective work. Especially was this true of the visitors' guardsmen, who allowed but one basket, while their teammates rang up six points. The quarter ended six to two.

In the next quarter the local team got in some good work and overcame the Berliettes lead by scoring seven points making the count at the end of the half nine to six in favor of the Knights. The game swung back in favor of the visitors in the next quarter, when they made seven points and topped the locals 14 to 12. Fourteen points in the final quarter made by the New Berlin five spelled defeat for the Knights since they were able to ring but half that many.

Norris, J. H. S. star, played his first game with the lodgemen and made nine of the Jacksonville's team's total number of points. With more practice with his new teammates he should make a valuable addition to the local independents.

## CLINCHES RECORD

Madison Square Garden, N. Y., Feb. 2. —"Paul Harrington of the Boston A. A., cleared 13 feet 6-8 inch to clinch his hold on a new world's indoor pole vault record tonight at the Millrose A. A. track and field carnival. A crowd of 14,000 cheered the former Notre Dame star and National A. A. champion when he easily cleared the bar.

P. A. makes good with pipe-particular men

THE more you demand of a pipe-tobacco, the more you will enjoy this prime favorite of experienced jimmy-pipers. Prince Albert commands a pipe to stand and deliver. Briar or corncob. Calabash or meerschaum. It doesn't matter. The tobacco's the thing!

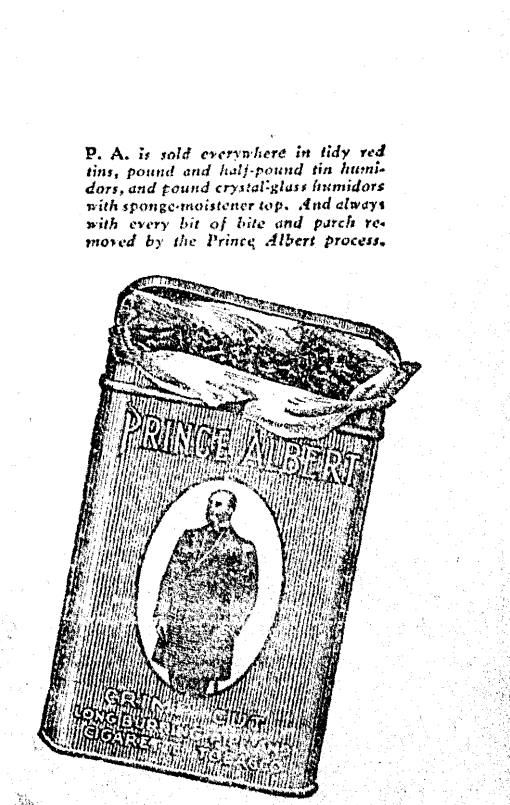

Fling back the hinged lid on a tidy red tin of P. A. Breathe deeply of that rich, rare aroma, promise of a wonderful taste to come. Tamp a load flush with the brim and light up. Now you have it . . . that taste . . . that class-by-itself taste of Prince Albert!

Cool as Pike's Peak. Sweet and fragrant as a breeze through a greenhouse. Fragrant and mild . . . a mildness that lets you smoke pipe-load after pipe-load, with never a tongue-bite or a throat-parch. Yet with that full, rich body which you demand in a smoke.

Considered from any angle, Prince Albert is jimmy-pipe joy of the highest degree. Smoke it fast or smoke it slow. Smoke it after breakfast, right up to bedtime. It is always delightful, always friendly. If you don't know P. A., you don't know what your pipe can bring you.

PRINCE ALBERT

—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and found crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.

### WINCHESTER FIVE TAKES CLOSE GAME

Win From Bluffs High Quinced 17 to 15—Fairies Defeat Winchester Indians.

Bluffs, Feb. 2. (Special to the Journal.) The Winchester high school quintet defeated the Bluffs five here tonight, in a fast game, by the score of 17 to 15. The visitors were given a scare in the final quarter when Bluffs forged to within two points of the front in the final minutes of play.

Baskets were few in the first quarter with the period ending four to two, Bluffs. The Winchester aggregation took the lead in the next quarter, the half ending with the score nine to four in their favor.

The visitors increased their lead in the next frame by making the score read 17 to 8 in their favor. Bluffs then pepped up and in the final three minutes of play forced the score to 15, making the final count, 17 to 15.

The locals outplayed the Winchester team with the exception of the second quarter. They had numerous short shots but failed to make them count.

The high school game was followed by a contest between the Bluffs Fairies and the Winchester Independents. The Fairies won 23 to 15, after leading the visitors all the way. The Bluffs team has a good combination and will no doubt be heard from before the basketball season is ended.

The quintet will be given a good chance to display their wares at the independent tournament which takes place here February 25 and 26. Teams in this district wishing to enter the tourney are requested to communicate with William Tracy, Bluffs, Ill.

The next high school game will be at Griggsville on February 18. The Indians will meet Salem at Griggsville tonight. Tuesday the five will play White Hall at Bluffs.

### FARM BUREAU NEWS

**Leather "Dry Rot" Due To Acidity and Lack of Grease.**—Too much acid and not enough oil and grease results in "dry rot" of leather, according to the Bureau of Chemistry, United States Department of Agriculture. Chemists of the bureau recently analyzed two 14-year-old tan-colored suitcase straps sent in for examination. The straps were visibly in an extremely advanced stage of deterioration, being cracky and easily scuffed and torn. Analysis showed that the leather was very acid, containing as much as 3.25 per cent; also that it contained but 1.95 per cent of oil and grease.

The findings in this examination served to emphasize again that lack of oil and grease and a high acidity produce a condition responsible for much early destruction of leather. Not only does the lack of oils and greases deprive the fibers of the leather of much needed "nourishment" but it also permits the absorption of more acid during its period of service. From previous investigations on the deterioration of leather it is indicated that the acidity in these two straps when they were new was lower than that found by analysis and that it had increased during use through absorption of acids from the polluted atmosphere.

Leopold that is properly tanned and well cared for will stand up for a long time, even under severe conditions of use. These straps, although handicapped, rendered service for 14 years. Had they been made free from destructive acids when tanned and given sufficient nourishment with oils and greases their life of service would have been greatly extended.

**Better Livestock—County Agent S. B. Surber of Alleghany County, Va.,** saw the opportunity for improving the livestock of the county. He won the interest and support of county officials, farmers, and business men. Personal talks to small groups led to larger meetings, including purebred sires sales and picnic addresses by State and Federal livestock authorities. Fifteen hundred persons attended one of the county meetings. During 1926 Alleghany County Va., replaced 43 scrub sires with purebreds under a definite, better-sires project and showed decided improvement in its livestock. Recognizing the value of his work, the county sent Mr. Surber to the International Livestock Exposition at Chicago to obtain latest information as the basis for future progress.

Meanwhile his son, observing a local butcher shop handling the meat of poorly bred animals, induced the proprietor to give good-quality meat a trial. So on Thanksgiving Day, with the young man's assistance, the proprietor displayed the carcass of a well-bred grade Shorthorn yearling and also a Hampshire lamb, together with plump poultry and other products suitable for the occasion. The single trial resulted in a continued demand for the better meat and brought warm commendation from patrons, some of whom had not previously realized the difference in quality of meats. The experience established a constant demand for first-class meats, in keeping with the local interest in raising improved livestock.

**To Profit Most Dairyman Must Get Feed Supply From His Own Farm.**—Skilled feeding is of little avail to the modern dairyman unless he is able to make his own farm supply the feeds. Prof. W. J. Fraser, dairy farming specialist of the College of Agriculture, University of Illinois, told those attending the recent annual meeting of the Illinois State Dairyman's Association at Harrisburg, freight, bagging and handling make purchased feed expensive and the successful dairyman therefore must be just as good a farmer as he is a dairyman, he said. Dairyman often pay \$25 a ton for alfalfa hay, whereas they could grow it themselves for about \$10 an acre by investing from \$4 to \$8 an acre in lime-stone.

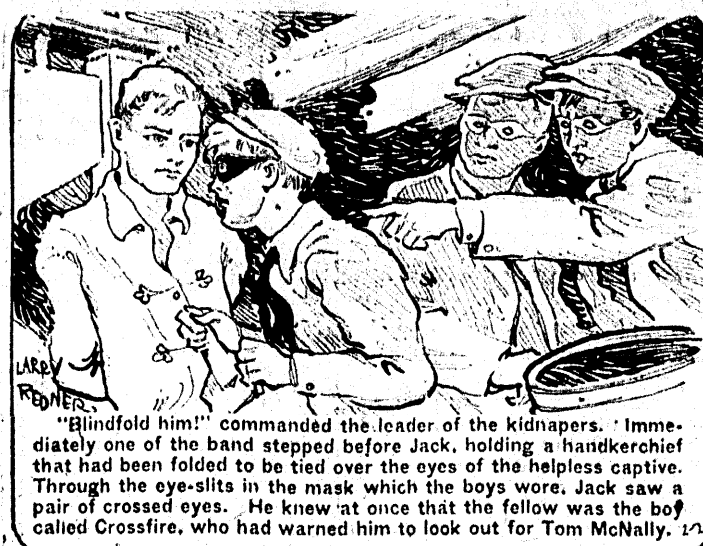

No one system of crop rotation will fit every dairy farm, but some one rotation must be worked out for each and every farm. Do minds of the dairy herds for the same feeds, demands of the soil for nitrogen, supply obtained through legumes and the need for the most profitable use of land and labor continue to make the basis of a good dairy rotation. The rotation is a definite business plan, providing a return as possible year after year and thereby reducing the gambling element in farming. It must be planned for a definite number of animals so that enough feed will be on hand every day in the year to keep every cow fed to the limit of her productive capacity.

"Fields must be of the same size so that about the same amount of feed is produced each year. Good legume hay, alfalfa preferred, and corn silage are the foundation upon which the winter feed supply is based. One and a half tons of alfalfa hay and four tons of silage should be allowed annually for each cow of the larger breeds. Pasture must be provided for each acre of sweet clover a cow is a good standard. When available, bluegrass is available, then the rotation must be planned in reference to it. Often it can be limed and sown to sweet clover."

A viola found in Edinburgh has a body 17 1/2 inches long, or 2 1/2 inches longer than the average viola. It was made by Hieronymus Amati, the master of Stradivari.

### Jack Lockwill at Rocklax Academy By Gilbert Patten

"Stand still!" growled Crossfire in a disguised voice. "You'll scarcely feel it when the ax falls." Then, to his surprise, Jack felt Crossfire quickly cut the rope that held his hands behind his back.

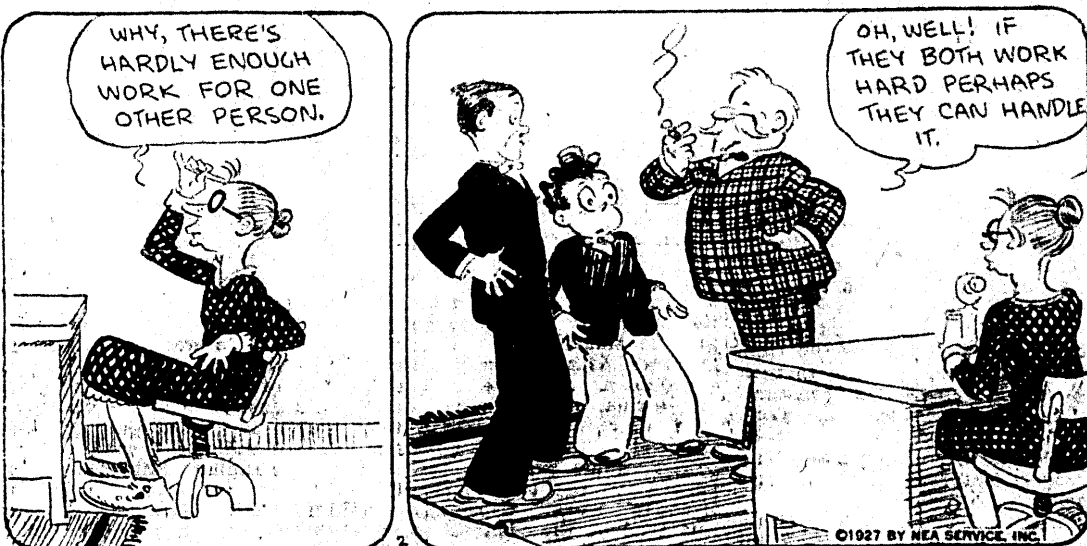

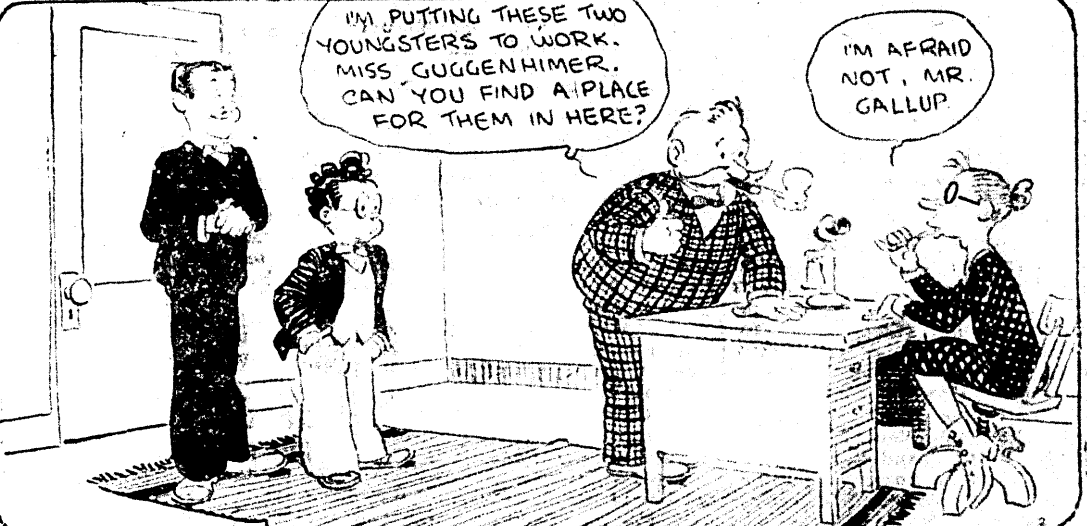

Jack continued to hold his hands behind him. He was forced to mount the scaffold. "Kneel down, freshman!" ordered the leader. Then Jack snatched off the blindfold and kicked the headless figure at his feet. It was a dummy.

Uttering a whoop of laughing derision, Jack tore away from the hands that were holding him. "You're a bunch of bungling dubs!" he cried. "The Grand Vizier is a grand flivver, and the Bad Egg is rotten." Then, as their hands grabbed for him again, he smashed them aside. Whirling, he launched himself in a flying leap over the heads of the circle of fellows at the foot of the platform.

### for Modern Streets

THINK of the traffic in your town twenty years ago. Not much of a problem then, was it? But today! Times have changed and the streets of yesterday are as obsolete as a 1907 motor car. Now streets must be specially designed for durability, safety and uninterrupted use.

The Portland Cement Association is a national organization to improve and extend the use of concrete, with offices in 31 cities.

Resilience is built into the modern vehicle. Its roadway must be rigid, maintaining an even surface under impact, wear and temperature. The concrete street meets these requirements perfectly—and it is the safest pavement wet or dry.

OUR 25th YEAR **J.C. PENNEY Co.** OUR SILVER YEAR  
A NATION-WIDE INSTITUTION  
"where savings are greatest"  
221-223 W. State Street

### No "Sales" In Our 25th Year

No, we do not hold "sales." In our plan of modern store-keeping, so-called "sales" are impossible if the savings the public are to enjoy every day are real.

Instead of marking prices up and down now and then for "sales," our plan calls for marking them down as low as is consistent with prevailing market conditions and then keeping them down.

We shall not depart from this plan during the observance of our 25th or silver anniversary which will be in effect this year.

Lowest possible prices every day instead of occasionally at so-called "sales," has been a policy that has won millions of friends for the hundreds of Stores of this countrywide institution.
